WORK EXPERIENCE

Principal UX Designer | Product Insight

August 2024 – Present (Hybrid)

- Led UX strategy and execution for large-scale logistics and delivery projects, guiding a two-person design team through complex, end-to-end initiatives that enhanced delivery vehicle efficiency and usability across digital, physical, and robotic touchpoints.
- Aligned cross-functional teams of 20+ stakeholders by translating complex workflows into clear system maps and shared decisions, accelerating project timelines and reducing friction.

Principal Product Designer | Motional

March 2021 – Present • 3 yrs 3 mos (Hybrid)

- Led design team that enabled remote operators in overcoming new challenging autonomous vehicle scenarios with dynamic tools, removing the need for human intervention from the driver's seat.
- Decreased vehicle downtime by increasing agent response time through a priority based notification system and 3D visuals, resulting in 98% of cases being resolved in under 45s.
- Increased assistance coverage by designing novel response methods for agents handling emergency vehicles, traffic controllers, construction & other emerging use cases.
- Redesigned the fleet monitoring application, leading to an 8x increase in users. The redesign provided accurate and accessible vehicle status information, directing attention to vehicles in need.
- Improved dynamics on multiple remote teams through team exercises, structured handoffs, and design system creation.
- Managed one direct report while driving discovery, planning, research, delegation and execution.

UX Design Lead | Accenture Digital (Intrepid)

June 2018 – March 2021 • 2 yrs 10 mos

- Crafted thoughtful, strategic, and holistic user experiences consulting across diverse industries, including Finance, Insurance, Consumer Electronics, Consumer Goods, E-Commerce, Public Sector, Healthcare, and Aerospace Engineering.

UX Design Lead | Liaison International

April 2017 – June 2018 • 1 yr 3 mos

- Redesigned Liaison's applicant portal with a focus on making information easily accessible and filterable.
- This effort resulted in increases of up to 71% in applications and 33% in enrollment among participating college admissions.

UX Designer (Mobile) | Fidelity Investments

May 2014 – April 2017 • 3 yrs

- Transformed the Fidelity mobile app by creating the first user-tailored financial 'feed' on the landing page.
- Redesigned sections including the feed, quote & learning center.
- Collaborated with stakeholders and engineering teams, conducting UX research and brainstorming sessions to deliver an intuitive user experience that increased engagement.

EDUCATION

Cornell University

Nov 2022 – Mar 2023, Leadership Essentials course.

Massachusetts College of Art and Design

Sept 2011 – May 2015, BFA in Graphic Design.

SKILLS / TOOLS

Design Strategy - Design Leadership - Design Direction - User Research - Concept Testing - User-Centered Design - Design Thinking - Workshops - Agile Design Processes - Design Systems - Organization - Process Improvements - Rapid Prototyping - Design Handoff - Collaboration - Communication - User Flows - Product Design - Responsive Design - Application Design - Mobile Design - Figma - Photoshop - Illustrator - InDesign - After Effects - Blender - Graphic Design - Icon Design - Sketching - Painting - Photography - HTML - CSS - Javascript - VS Code - GitHub - ProtoPie

CERTIFICATIONS

Front End Development | General Assembly

Oct 2018 – Jan 2018, Part-time course in person, Boston.

Javascript Certificate | One Month: Learn to Code

Nov 2016, Part-time online course.

Certified ScrumMaster | Scrum Alliance

May 2015, Multi-day ScrumMaster training in Rhode Island.

HONORS / AWARDS

Webby Awards Honoree | Fidelity Investments

2017, Honoree in Integrated Mobile Experience.

MITX Awards Finalist | Fidelity Investments

2017, Fidelity's Mobile Apps Featuring "The Feed."

Excellence In Action | Fidelity Investments

2016, For outstanding accomplishments within UXD.

HOSTING EVENTS

Monthly Art Meetup

I host monthly art meetups where colleagues gather to learn new forms of creativity, crafts, and explore design outlets.

Monthly Board Game Night

At both Motional and Accenture I hosted a monthly board game night, building community and connections across teams at the office.

Practice Makes

At Accenture, I co-organized Practice Makes, a bi-monthly design meetup in Boston to build Boston's design community.
